METRO BENCHSIDE TOTE CART

Metro's Benchside Tote Cart allows workers to position bins, totes, cartons, boxes, or sub-assemblies at an angle conducive to repetitive pick-and-place operations.

Each unit comes with a 45° slanted top shelf, standard Super Erecta Shelf at bottom, two brake casters, aluminum split sleeves, and a drag chain for instances where static dissipation is an issue.

FEATURES:

- 45° slanted top shelf with 4" (102mm) front ledge
- Standard Super Erecta® bottom shelf
- 18" x 24" (455 x 610mm) footprint
- Two swivel, two brake casters (resilient rubber)
- Aluminum split sleeves and stainless steel drag chain

BENEFITS:

- Positions totes, boxes, or sub-assemblies at an angle conducive to efficient pick-and-place operations
- Accommodates miscellaneous totes, boxes, or other items
- Uses minimal amount of available floor space
- Offers easy mobility and holds cart stationary at desired location
- Provides for dissipation of electrostatic charges
