METROFLEX™ CODE RESPONSE CART

Designed For the Way You Work.

- **Highly Maneuverable and Stable:** Construction provides quick and safe response to a code or other emergency situations where speed and mobility are critical.
- **Interchangeable Drawers:** Can be positioned for simultaneous access of cart and drawer contents by code response team. 3", 6" and 9" (75, 150 and 230mm) drawer sizes available. Color label strips and plastic snap-on front covers can help to quickly identify and organize drawer contents.
- **Recessed Side Storage Areas:** Provides convenient storage for adjustable side shelf, oxygen tank holder, IV bins and other vital accessories.
- **Easily Accessible Backboard**
- **Quick-Release Velcro Strap:** Holds defibrillator firmly in place during rapid transit.
- **Rugged Polymer Construction:** Won't rust, corrode, dent, chip, flake or peel. Stain-resistant surface makes cleaning easy.

* Defibrillator not included.
