

SUPER ERECTA SHELF®

Pot & Pan Rack

- Convenient Storage:** Rack furnishes mobile storage and drying facilities for pots, pans and utensils.
- Stainless Steel Shelves:** Four to a unit. Two sizes are available — 24" x 48" (610mm x 1220mm) and 24" x 60" (610mm x 1525mm). Solid embossed surface provides air circulation while preventing drip-through.
- Versatile:** Super Erecta Shelf® construction provides shelf adjustment in 1" (25.4mm) increments along the entire length of the post. Shelf spacing can be varied to fit large pots on one shelf, small pans on another.
- Mobile:** Four durable polyurethane casters are standard — two with wheel brakes, which should be placed on diagonally opposite corners. Polyurethane casters roll easily on smooth floors; they're quiet, non-marking and shock absorbing.
- Designed** for cafeterias, hospitals and institutions . . . wherever pots and pans are stored, transported and dried in large numbers.

PR48ES Rack

Additional Features

- Stainless Steel Shelves:**
Rust-proof. Easy to clean. Metro's most versatile shelving for all of your storage or transport needs.
- Embossed Surface:** Allows air to circulate freely . . . helps pots, pans and utensils to dry quickly.
- Polyurethane Casters:**
Resist corrosion and abrasion, perform well at high temperatures.
- Wheel Brakes:** Permit the rack to be "parked" safely.
