Job _____

SUPER ERECTA SHELF® PLATFORMS – STANDARD

- **Space Saving:** Metro® platforms let you store bulky items off the floor in less space than if regular shelving were used.
- **Neat & Sanitary:** Cleaning is no problem since Metro™ platforms give you a 12" (305mm) clearance from the floor on all four sides. You rarely have to move the platform to clean under it — a big help when it's loaded with materials. Also, the open-wire construction provides air circulation and minimizes accumulation of dust and moisture on the platform.
- **Sturdy:** Super Erecta Shelf® posts and shelves mean fast, easy assembly and secure locking. A leveling bolt compensates for uneven floors.
- **Shipped Knocked Down:** Saves on freight.
- **Lightweight**
- **Several Options:** Platforms are available in Super Erecta Brite™ or nickel-chrome plated finishes, as well as in stainless steel.
- **Attractive Appearance**

Job _____

SUPER ERECTA SHELF®
 PLATFORMS – STANDARD

All Platforms are with 13P or 13PS posts — Height 14^{1/2}" (368mm) including cap and leveling bolt.
