

qwikTRAK™ HIGH-DENSITY STORAGE SYSTEM for Super Erecta®, Super Adjustable 2™ Super Erecta, and the MetroMax iQ™ Storage System

- Maximizes Storage Capacity:** High-Density qwikTRAK can increase the storage capacity of a given area by 50%. Mobile units are positioned between stationary units and an active aisle can be opened between any two units as needed. This efficient utilization of space addresses the storage needs of growing operations and may eliminate the need for facility expansion or renovation.
- Ideal for Rough or Chippy Floors:** Floor tracks compensate for rough or chippy floors and provide a smooth, level surface to guide the mobile units in a straight line.
- Accessible and Ergonomic:** The low profile and sloped sides of the guiding track, combined with the easy-to-move mobile units, provide safe and easy access to all stored products. Mobile units roll easily along the track, even when moving heavy loads.
- Easy to Lay Out and Assemble:** Select end, intermediate, or mobile kits and **just add shelves!** Units are quick and easy to assemble. The guiding track is easily positioned. The end stationary units anchor the system and the guiding track to the floor.
- Strong and Durable:** Standard Metro qwikTRAK Super Erecta, Super Adjustable 2, and MetroMax Q mobile units can hold up to 2,000 lbs. (907kg) per unit. MetroMax i mobile units can hold up to 1,200 lbs. (544kg) per unit. All stationary end and intermediate units can hold up to 2,000 lbs. (544kg) per unit.
- Versatile:** Metro shelving systems are offered in a variety of widths and lengths to fit into any size area. There are styles and finishes for every environment and application.
 - Dry environment:** Super Erecta and Super Adjustable 2 wire shelving in Super Erecta Brite or chrome-plated finishes; galvanized solid shelving.
 - Wet or corrosive environments:** Wire shelving with Metroseal 3 epoxy featuring Microban built-in antimicrobial product protection; Type 304 stainless steel wire or solid shelving; Polymer shelving systems — MetroMax Q shelves and posts have a 15-year warranty against corrosion; all polymer and stainless MetroMax i shelves and posts are totally corrosion-proof with a lifetime warranty against rust and corrosion. MetroMax Q and MetroMax i shelves feature corrosion-proof, removable, polymer shelf mats with built-in Microban antimicrobial product protection.
 - Storage of sterile products:** MetroMax Q and MetroMax i systems have smooth polymer shelf surfaces to protect stored items from ripping or tearing.
