SUPER ERECTA SHELF® CONVENIENCE PAK SHELVING

Shelving Sales Made Easy

Metro's Convenience Pak Super Erecta Shelf® Shelving provides a complete shelving unit in a single box. Convenience Pak shelving is easier to promote, select, and order as compared to separate shelving components. Convenience Pak will increase your overall sales volume, improve operating efficiencies and reduce your handling and inventory costs.

- **Single Package Design:** Convenience Pak Super Erecta Shelving is packaged in one box. Each post comes in 2 modules with a heavy-duty connector provided to connect post halves. Post modules, connectors, shelves, and split sleeve connector are all included in 1 box.
- **Simplified Sales and Ordering:** Each given size Convenience Pak unit has its own catalog number and list price, making Convenience Pak the easiest shelving product to select, price, and order. With ease and efficiency your sales people can respond to your customers' basic shelving needs, increasing their sales volume per sales call.
- **Easy to Inventory:** The single package Convenience Pak makes it easy for you to inventory much of your shelving requirements, reducing the inventory space for posts and shelves.
- **Simplified Shipping and Handling:** Basic shelving orders can be handled with one trip to the warehouse, requiring only one box be handled rather than separate shelves, posts, and split sleeves. Common mistakes made in consolidating components for a given job will be dramatically reduced resulting in an overall improvement in your operating efficiencies. Simplified ordering and invoicing will reduce the work load on your in-house personnel, reducing your overall costs.
- **As Strong and Durable as Standard Super Erecta Shelf Shelving:** Post modules and heavy-duty connector provide a shelving unit equal to the superior load bearing and durability recognized in our traditional Super Erecta Shelving design. Whether the application is stationary or mobile, the Convenience Pak unit meets the tough performance guidelines established by Super Erecta Shelving.
- **Three Finishes:** Convenience Pak units are available in Super Erecta Brite,™ Chrome, and Metroseal II™ finishes, to handle any shelving applications your customers may have.

- Increase sales productivity
- Improve operating efficiency
- Reduce costs

SUPER ERECTA SHELF®
CONVENIENCE PAK SHELVING

Three Finishes Available:

- **Super Erecta Brite™:** Applicable to dry storage applications, where moisture and humidity are not a concern.
- **Chrome:** Designed for dry storage applications where added durability, cleanability, or a more aesthetic appearance might be required.
- **Metroseal II** is manufactured using the latest state-of-the-art plating and coating processes. It incorporates a durable electro-plated metal base layer. This substrate, when coated with Metro's new proprietary epoxy coating will provide years of corrosion free service.
